

A Collection of Lutheran Music

www.LutheranMusic.com

The goal of our product line, *A Collection of Lutheran Music*, is to help Christians praise God with music and song. The *Collection* provides sheet music, concordances, lyrics files (text & PowerPoint), sound files (midi, MP3, audio CDs), and videos (flash & DVDs) as supplements to the commonly-used Lutheran hymnals.

Our products appeal to a broad audience of amateur and professional church musicians, as well as pastors, teachers, schools, and families in the home. Musicians can craft new performance variations using the sheet music; pastors and teachers appreciate the ease of playing hymns or studying lyrics on their computers while preparing sermons and class materials; when an organist is not available, the sound and video products can lead a small group or congregation in hymn singing for a worship service, as well as enjoyment at home.

Audio CD and Video DVD Sets

Our Audio CD and Video DVD Sets contain high quality music for the public domain hymns in each hymnal. Each hymn is played on a brilliant-sounding cathedral pipe organ and begins with a short musical lead-in, followed by the stanzas repeated hymnal arrangement, and ending with an appropriate 'Amen'. The audio CDs can be played on any standard audio CD player. The video DVDs have the same audio sound plus highlighted hymn lyrics synchronized with the music displayed on top of colorful and inspiring background scenes. No computer equipment or software is needed to play the CDs or DVDs.

Sound and Video Files

Hymn music sound files are available in MP3 format and are played on computers and MP3 players. MP3s contain the same digital content as our Audio CD Sets. Our video files for computers provide the same digital content as our Video DVD Sets in Adobe flash format. We also offer midi format sound files for computers and electronic keyboards with disk readers.

PowerPoint and Lyrics Text Files

Hymn lyrics files are available in plain text format (ASCII) and PowerPoint format. The plain text files are useful for "cutting & pasting" lyrics into worship bulletins and choir handouts. The PowerPoint slides are useful for projecting the lyrics on a screen for praise worship.

Musician's Sheet Music

Our hymnal sheet music for musicians offers the following features:

- Simplified hymn melodies are provided on a single treble clef staff, ideal for children beginning to play the piano or adults who aspire to renew rusty piano skills;
- Simple piano and guitar chord harmonies are provided with each tune, allowing a nice sounding and simple to play accompaniment ("lead-sheet" style—also known as "fake book" style);
- Piano notes and guitar fret boards for the harmony chords are listed for quick reference beneath the music staves in the order they appear in the tune;
- Transposed melodies are provided for available for common band instruments, great for children learning to play musical instruments (available for instruments in the keys of C (hymnal key), Bb, and Eb).

Large Print Sheet Music

Large print sheet music PDF files are available with print size two times the size printed in the standard pew hymnal. Simplified melodies and lyrics are oriented in landscape format for easier reading by children or the seeing impaired.

Hymnal Concordance

A concordance is an alphabetical index of all the words in a literary work showing every contextual occurrence of each word. A hymnal concordance provides a listing of all the words and phrases found in the hymn stanzas. There are two versions for each hymnal: the *Abridged Concordance* is a dictionary-like book (PDF file), listing each significant word; the *Unabridged Concordance* is a browser-based index of every word occurrence, specifically designed for use on a computer.

Multi-Media Hymn Library

The Multi-Media Hymn Library is a comprehensive, browser-based computer reference combining all the digital media content from Lutheran Music. The library contains alphabetical and numeric listings of all the hymns, an alphabetical listing of all the hymn tunes, and an integrated hymnal concordance. Digital content includes flash videos synchronizing music with highlighted hymn lyrics, hymn lyrics (JPEG slides, PowerPoint, and ASCII text), sound files (MP3 and midi), and high-quality sheet music with piano and guitar chords, and large print hymn sheets. An extensive (free) demonstration of the Media Library is available on-line at our web store.
